

Apple 1:1 Staff Development Spring, 2009

Turning Point, 2008

Hannah Reid

Wednesday, March 11

4:00pm-6:00pm (2 hours)

Monticello Middle School Media Center

Description: Turning Point, 2008 allows you to effectively track student learning in a quick and easy way through Personal Response Devices or “clickers.” You will learn how to use the software and how to access student reports that are generated. Please bring material to create a short cycle assessment that you can then use with “clickers.”

Using Pages '08 in the Classroom

Hannah Reid

Saturday, March 14

8:00am-10:00am (2 hours)

Wiley Middle School Media Center

Description: According to current research today’s students need non-linguistic representations along with auditory instruction to help retain information. In this workshop we will explore creating and using graphic organizers in Page '08, and other aspects of the program that will support instruction in the classroom.

Using Keynote '08 in the Classroom

Hannah Reid

Saturday, March 14

10:15am-12:15am

Wiley Middle School Media Center

Description: According to current research today’s students need non-linguistic representations along with auditory instruction to help retain information. In this workshop we will explore how to use Keynote '08 to support instruction in the classroom. We will work with picture files, audio files, and movie files within the keynote presentation.

Moodle Overview

Kathy Lawrence

Monday, March 16 and Thursday, March 19

4:00pm-6:00pm (4 hours)

Roxboro Media Center

Description: Explore the many modules of Moodle that can enhance your students access to your classroom from beyond the classroom walls. Learn how to post and receive student work, facilitate online communications, conduct student surveys and more.

Using Pages '08

Bill Wihebrink

Tuesday, March 17

4:00-6:30 (2 ½ hours)

Wiley Media Center

Description: Stationery, newsletters, resumes, brochures, reports, proposals, business cards – whatever you write, Pages '08 offers an intuitive way to create beautiful, media-rich documents using impressive features you know how to use right away.

Mac OS Basic Instruction

Bill Wihebrink

Saturday, March 21

9:00a.m. – 11:30a.m. (2 ½ hours)

Wiley Middle School Media Center

Description: Get reacquainted with your computer.

iMovie – Making Content Connections

Hannah Reid

Saturday, April 4

8:00a.m. – 12:00p.m. (4 hours)

Wiley Middle School Media Center

Description: During this course we will explore using video clips that can be downloaded from the web using sites like TeacherTube.com and other video sources in your teaching. You will learn how to find and convert video, import into iMovie, edit it for classroom use, then render it for various uses in the classroom including QuickTime movies and movie files for iPods.

Podcasting with GarageBand

Hannah Reid

Saturday, April 18

8:00am-12:00pm (4 hours)

Wiley Middle School Media Center

Description: Explore the variety of podcasts already available on the internet and begin to put one of your own together for use by your students

Podcasting with GarageBand

Kathy Lawrence

Tuesday, April 21 and Thursday, April 23

4:00pm-6:00pm (4 hours)

Monticello Media Center

Description: Explore the variety of podcasts already available on the internet and begin to put one of your own together for use by your students.

My students have laptops! NOW WHAT DO I DO???????

Hannah Reid

Saturday, May 9

8:00am-12:00pm (4 hours)

Wiley Middle School Media Center

Description: This workshop is designed for the 6th and 7th grade teachers at Wiley and Roxboro who will begin implementation of the laptop program in the fall. So, your students have received their laptops and are sitting in your classroom waiting for you to engage them. What are your classroom routines and procedures? How will you use these computers to help students learn? We will discuss these topics and learn creative and fun ways to introduce your students to their laptop and explore activities to do with your students during the first 30 days of implementation.

Digital Citizenship and the Classroom Teacher

Kathy Lawrence

Tuesday, May 12 and Thursday, May 14

4:00pm-6:00pm (4 hours)

Wiley Middle School Media Center

Description: Begin to understand the greatest generation gap since Rock and Roll. We will explore web 2.0 applications that students love and parents fear. Find out how to harness the power of digital networking for your personal and professional self. We will also examine briefly many of the other concerns and perils that face an “uneducated” digital citizen (eg “hoax websites, e-commerce scams, cyberbullying)
